

Overview

Bachelor of Physician Associate (BPA) – Empowering Future Healthcare Leaders

The healthcare sector is ever-expanding, and there are always opportunities. If you are looking forward to playing a pivotal role in patient care, it's time to get equipped with an undergraduate degree as a Physician Associate. Read on if you are wondering what Physicians associate do and how they aid doctors in diagnosing and strategizing treatment plans.

Physician Associates are highly skilled mid-level healthcare providers who work collaboratively with physicians to deliver comprehensive care across various medical specialties. At Amrita Institute of Medical Sciences, affiliated with Amrita Vishwa Vidyapeetham, we offer a dynamic Bachelor of Physician Associate (B.PA) program to prepare aspiring healthcare professionals for this rewarding and multifaceted role.

As a mid-level healthcare provider, Physician Associates (PAs) are crucial in collaborating with physicians to deliver comprehensive patient care across various medical specialties.

Understanding the Role of a Physician Associate:

Physician Associates are trained to work autonomously alongside physicians, offering diagnostic and therapeutic patient care in various medical and surgical specialties.

- Conducting patient interviews and medical history assessments.
- Performing physical examinations.
- Ordering and interpreting diagnostic tests and medical examinations.
- Formulating comprehensive treatment plans.
- Coordinating and managing patient care.
- Performing medical procedures under supervision.
- Participating in clinical research endeavours.
- Providing patient counselling and education.
- Serving as a first assistant in surgical procedures.

Attention Please !

Amrita Vishwa Vidyapeetham has not appointed any Agent or Third-Party Client for securing admission in any programme. Students are hereby requested to contact only the toll-free number on our website for any admission related queries.

– Issued In Public Interest By Directorate Of Admissions And Academic Outreach
